REHOVOT, LLC.

Company Overview

Rehovot LLC is a cybersecurity consultancy specializing in governance, policy, and risk management solutions for federal agencies, defense contractors, and regulated enterprise environments. We translate complex cybersecurity requirements into executable governance programs, enforceable policies, and measurable oversight structures that reduce risk, improve operational maturity, and drive mission success.

Core Competencies

- RMF Lifecycle Support: System categorization, NIST SP 800-53 control selection/tailoring, implementation guidance, assessment coordination, POA&M development, ATO package creation.

- Governance & Policy: Policy authoring, compliance mapping (NIST, ISO, CMMC, FedRAMP), audit readiness, risk governance.

- Zero Trust Architecture: Readiness assessments, identity-centric design, micro-segmentation, least-privilege enforcement, continuous authentication.

- Risk Management & Continuous Monitoring: Enterprise/system risk assessments, vulnerability management integration, SIEM/EDR orchestration, and incident response planning.

- Managed & Advisory Services: Policy-as-a-Service, RMF-as-a-Service, continuous authorization, executive briefings, training, and tabletop exercises.

Differentiators

- Governance-first methodology emphasizing enforceable policies and measurable outcomes beyond checklist compliance.

- Clearance-capable experts supporting DoD and federal contractor environments.

- Combined technical + strategic capability across governance, architecture, and operational cybersecurity.

- Productized standardized offerings for speed-to-execution: RMF Ready, Policy Suite, Zero Trust Start, Continuous Authorization.

- Mission outcome focused—solutions balance cost, security impact, operational function, and sustainment maturity.

Capabilities & Technical Environment

- Tools: Splunk, Tenable, Okta, Azure AD, AWS, Azure.

- Methodologies: NIST SP 800-37, NIST SP 800-53, Zero Trust frameworks, CIS Controls, ISO 27001, CMMC alignment.

Service Packages

- RMF Ready – Full RMF lifecycle support through ATO

- Policy Suite – Custom policies, standards, SOPs, and governance documentation

- Zero Trust Start – Zero Trust assessment + architecture + pilot

- Continuous Authorization – Continuous monitoring, automation, and reporting

Contracting Profiles

- Small Business Status: SDVOSB | VOSB

- Prime or Subcontractor Capability: Available for both

- Preferred Contract Types: T&M, FFP, Task Orders

Corporate Details

- **Company Name:** Rehovot LLC
- **Point of Contact:** Olu O. Odusanya | Founder and CEO
- **Website**: RehovotLLC.com
- **Email:** info@rehovotllc.com
- **Phone:** 618-406-9308
- **Address:** 3929 Greenmount Avenue, Baltimore, MD 21218
- **D-U-N-S #:** 09-756-2895
- **Unique Entity ID:** PZXTJ5R6AD57
- **CAGE Code:** 116C1

NAICS Codes

- 541512, 541513, 541611, 541618, 541690, 541519, 541511

Certifications

- TS/SCI capable personnel | MS | MBA | CISM | Security+

Rehovot LLC is committed to delivering governance-driven cybersecurity solutions that enable mission success while maintaining compliance and reducing organizational risk
